

Founded in 2013, Philico is a young consulting firm with an experienced management team focussing on the financial services industry. Our mission is to create value for our clients along the IT project life cycle by providing specialized services.

To strengthen our team in Switzerland we are looking for a

Junior Avaloq Consultant

You will first be trained in the Avaloq Banking System at the Avaloq Academy and closely coached by our experienced consultants. You will then be assigned on a client project and work hand in hand with your team to meet client expectations.

Responsibilities

- Write technical and business specifications
- Parameterization and testing of the Avaloq Banking System
- End-user training and support
- Data Analysis

Qualifications

- University degree or equivalent
- Good programming skills
- Strong problem solving skills and analytical thinking
- Results driven and proactive attitude
- Reliable and efficient in working under pressure
- Team player and excellent communication skills
- Customer oriented mindset
- Written and spoken fluency in either French or German, ideally both
- Good written and spoken English command
- Willingness to work at client sites in Switzerland and abroad
- 1-2 years of experience in the financial services industry preferred

As an ambitious candidate you want to work in a challenging and dynamic environment offering exposure to top-tier banks, interesting responsibilities and the opportunity to further develop your career?

We offer you the opportunity to work in a steadily growing consulting company with strongly committed Partners willing to develop the potential of each employee by providing continuous coaching and training. We have an open-minded company culture and offer an excellent compensation package.

We are looking forward to receive your complete application at: info@philico.com
